

Greetings. and thanks for helping us with our own vintage American motorcycle restoration projects. We hope this manual will assist you with yours. Our personal recommendation is to take this CD to your local office supply store and have a paper copy printed out for use on your work bench. Then save a format copy on your computer & store the original CD in a safe place. I have found that this is also a nice way to carry your manuals on road trips.

**Motorcycle Fashions
and Accessories 1977**

Harley-Davidson Fashions Don't Really Come Into Their Own Till You're up to Speed!

You're looking at something rare in motorcycle fashions. They're designed and styled to be worn on motorcycles. Little details make the big difference.

Like this specially sewn-in wind flap on our Pioneer Buckaroo, and Cycle Champ Jackets. It's not in front of the zipper where the wind can get at it. We've positioned the flap inside, behind the zipper where the wind can't get at it. Zippered sleeve closures keep the wind from whistling up your pit stop.

Snap-down collars make good sense. They're positively unflappable, even at higher speed.

Specially designed, pleated "action backs" give you true freedom of movement when you lean into the wind.

Harley-Davidson thinks you should be as comfortable at speed as you are standing still. And it takes motion engineered clothing to let you be at one with your bike!

A CYCLE CHAMP AND CYCLE QUEEN JACKETS
Great road-ability! Fashioned from top quality cowhide and tailored to give you a sleek form fit, Cycle Champ and Cycle Queen Jackets are built for keeps. And you'll love the way they ride. There's a quilted nylon lining for warmth-underarm air vents-by-swing action back, zippered sleeves for windproofing, all-aluminum zippers, tough, nylon thread-even a fiber insert in the back to keep it from creeping up when you lean in! Elegant detailing includes shoulder epaulets and snaps for a fur collar!
98100-56V Cycle Champ Sizes 34-50 \$99.95

98100-56VL Cycle Champ-Long (2" longer body, 1 1/2" longer sleeves, Sizes 34-50 \$109.95

98251-70V Sizes S-M-L-XL \$4.90

Harley-Davidson Helmets are Designed for Shock Value!

We engineer a helmet as if your life depended on it.

The Compact Competition, X-100, "Unser's" Fastback, and the Winner shells have five layers of high quality fiberglass and isotactic resin laminated in specific patterns and bias directions for greater strength and distribution of impact forces.

The Sportsman and Cyclamate helmets shells are made of high quality "LEXAN"® polycarbonate.

The semi-resilient shock liners are specifically engineered to soften impact by dissipating the shock over the greatest possible surface. Every helmet meets or exceeds the FMVSS 218 (D.O.T.) Standard and the A.N.S.I. 290.1973 Standard as amended.

Every helmet gives you 210 degree peripheral vision and is compatible with glasses. A Custom Fit Kit comes with for customizing. A plush inner liner and tubular nylon chin strap let you ride all day in headstrong comfort.

A COMPACT COMPETITION HELMETS

Supersport styling. Fiberglass shell with '77 decal trim. Sizes S-M-L.

Your Harley-Davidson may well become a classic. That's just one reason it's very important to keep it pure Harley-Davidson! The other reason...

We make parts for our motorcycles.

They make parts for their motorcycles.

Anything less than genuine Harley-Davidson parts could make one or more of three things go wrong.

The Fit:

The piston to cylinder wall fit on a Harley-Davidson FX-1200 motorcycle is between .001 and .002 of an inch, is the thickness of a human hair.

The Performance:

Harley-Davidson motor oil is made specifically for Harley-Davidson engines. It's made for minimizing wear on our pistons and rings.

The Look:

Anyone else's accessory on your Harley-Davidson makes it less than a custom machine. People who really know bikes know the difference. Ask.

A TOUR-PAK® NEW!

Attaches to flat channel-type luggage carrier (not included) by an easy-on, easy-off lock. Also features lock. Molded of durable fiberglass. The Tour-Pak increases loading capacity.

O "PREMIUM GRADE" MOTORCYCLE OIL

Harley-Davidson PREMIUM GRADE motorcycle oil is refined and blended with "advanced additives" for use in four-cycle, air-cooled motorcycle engines and transmissions. This oil has greater resistance to destructive heat, pressure, oxidation and has greater cleansing properties. The oil for the cyclist who wants an "extra" in lubrication and engine protection. Available in two weights. Medium and Regular Heavy.

P "PRE-LUXE" MOTORCYCLE OIL

PRE-LUXE MOTORCYCLE OIL has been the choice of motorcyclists for years. It retains its index weight... does not break down. Exclusive additives keep engine clean and reduce friction to improve the performance and life of all internal components. Available in three weights: Special Light, Medium, Regular Heavy.

Q TWO-CYCLE LUBRICANT

Formulated and test proven to provide superior lubrication for all two-cycle engines; fuel-mix type (50-1) and injection type. 16 oz. can with safety ring, flip-top opener.

When your AMF Harley-Davidson dealer opens up every morning, he is opening your door to a whole new world of excitement. Whether you're an off-road hot shoe, city streaker, or hard core fourer, you can be sure he's got the right motorcycle to fit your needs. And can back it up with a factory-trained service department, plus a complete selection of helmets, riding apparel, parts and accessories.

Stop in today and see why...
until you've been on a Harley-Davidson,
you haven't been on a motorcycle!
